GENERAL:

- 14 gauge, 300 Series stainless steel
- Ground and polished welded parts
- Stainless steel legs and feet

SINK COMPARTMENTS:

- 14 gauge stainless steel fully welded fabricated bowls
- 14" water depth
- 1, 2, 3 and 4 bowl models available
- Special depth bowls
- Custom sizes available

BACKSPLASH:

- 10" high
- Custom heights available

SHORT FORM SPECIFICATIONS:

Duke Sinks - Deluxe - 16" x 21" x 14" D Bowl - TWO DRAINBOARDS.

Shall be constructed of 14 gauge, 300 Series stainless steel with 1-3/4" rolled edge on front and both ends and 10" high backsplash, from top of roll, including 2" turnback at 45°, with 3/4" turn-up at wall side, as standard. All welded parts to be ground and polished to the original finish. All vertical and horizontal corners are covered on 1/4" or larger radius with intersections spherical and polished. In two or three compartment sinks, partitions shall have double wall. Bottom of each compartment shall be die-stamped with tapered grooves at least 1/4" deep at drain depression to permit complete drainage. Backsplash shall have 1" holes punched on 8" centers, 4" on center below top of splash (1-1/2" below turnback) to accommodate standard faucets. Holes are centered over partitions on two and three compartment sinks. Rolled edges and splash are continuous with edge and splash on sink, with all horizontal and vertical corners covered on 1/4" or larger radius. Drainboards (18, 24", 36" lengths) shall be welded integrally to sink. Sinks to be mounted on four 1-5/8" OD 16 gauge stainless steel tubular legs with adjustable stainless steel feet. Legs are mounted on stainless steel gussets.
