

## GLO-RAY® HEATED GLASS OVERSHELF – UL RECOGNIZED MODELS

Models GR3RH-24, -36, -48

The Hatco Glo-Ray® UL Recognized Heated Glass Overshelf provides customers with superior sight lines to perfectly warmed buffet choices served below. These units are UL recognized components, providing a flexible and economic way for fabricators to enhance the construction of their own buffet tables.

### FLEXIBILITY

Available in three sizes, these units are ideal for use on buffet lines. This innovative transparent heatsource lets customers quickly and easily view menu options. Utilizing the patented Heated Glass Technology, this overshelf radiates heat down, blanketing product to ensure an optimal serving temperature. The top of the shelf can also be used to hold non-hazardous food. Remotely mounted controls can be conveniently placed where needed.

Options include a choice of seven *Designer* colors or stainless steel finish.

### QUALITY

The following features ensure the finest performance for years to come:

- Hatco Heated Glass Overshelves provide superior visibility to promote and display product.
- Available in overall sizes of 24", 36", or 48"W x 15"D x 1.38"H (610, 914, or 1219 x 381 x 35 mm).
- The patented Heated Glass Overshelf radiates heat down, blanketing product to ensure an optimal serving temperature.
- The top of the shelf can also be used to hold non-hazardous food.

Model GR3RH-48 in  
*Designer* color frame

HEATED GLASS SHELVES ARE WARRANTED AGAINST BURNOUT FOR ONE YEAR.
