Hatco Built-In Rectangular Heated Wells provide flexibility and quality, with many options to choose from. These units hold steam table food hot and fresh with thermostats that read the actual temperatures and add heat only when needed.

FLEXIBILITY

UL approved Built-In Rectangular Heated Wells are available in two sizes: full-size, and insulated and uninsulated rectangular 4/3 size. Choose a model with or without a drain, in low, standard, or high watt, and with or without a cord and plug (HWB-43 Series has no cord and plug). The standard compact controls, or optional recessed controls can be conveniently placed where needed. The HWB Full-Size Rectangular series are available in a standard front or an optional right or left auto-fill location.

QUALITY

The following features assure the finest performance for years to come:

- Superior thermostat controls that read the actual temperature of the well and add heat only if needed.
- Controls feature a separate lighted ON/OFF rocker switch and temperature dial, allowing preset temperatures to be maintained.
- 50% larger drain with flat screen simplifies cleaning and holds pans level.
- Easy service access to heating elements and thermostats.
- Mounting kits for combustible countertops available.
- EZ locking hardware for quick installation.
- Thicker stainless steel construction and solid brazed joints for durability.
- An optional WM or ITC Control Assembly is also available that will replace most existing controls on a customer's Drop-In Heated Well Unit.
