ELECTRIC RANGES****HOBART****STANDARD FEATURES**

- Stainless steel front, sides, 23" flue riser with high shelf and 6" legs.
- Six 9½" round, solid cast iron, 2 KW French plates with infinite heat control switches.
- Full width pull out crumb tray.
- 5 KW oven with top browning control. Thermostat adjusts from 150° to 500°F.
- Cool to the touch control knobs.
- One oven rack with two rack positions.
- Requires 208V or 240V, 1 or 3 phase power supply.

**OPTIONS**

- 11" stainless steel back riser in place of standard back riser and shelf.
- Extra oven rack.
- Set of four casters (two locking).
- 12" x 24" hot top sections, 5 KW input, in place of one French top section. Thermostatically controlled and four position heat control.  
**NOTE:** Hot top sections increase power consumption and line amp draw. Consult customer service for KW and line amp information when specifying or ordering units with hot tops.
- Choice of 12", 24" or 36" wide, ½" thick griddle plate in place of French plate sections. One thermostat provided for each 12" griddle width. Griddles are supplied on the right side only and add 3" to the overall width of the range.

**MODELS**

- HE36L** – 36" Electric Range with three sets of French plates
- HE36SL** – with two sets of French plates and 12" griddle (right)
- HE36FL** – 36" Electric Range with one set of French plates and 24" griddle (right)
