

SUPERIOR REFRIGERATION SUPPORTING YOUR BUDGET NOW & LATER

G Series refrigerators and freezers help maintain your bottom line by offering Traulsen's superior quality and performance, proven durability, and energy efficiency in an economical cabinet. Additionally, this line meets or exceeds most standard specifications for virtually all competitive brands' top-tier models.

2 INCREASE EFFICIENCY

- Easy-to-clean, front-facing condensor
- Self-closing / stay-open doors allow for easier loading & unloading
- Load-Sure™ Guard ensures proper loading without blocking airflow
- Microprocessor control with LED display smart sensor allows unit to adapt to changing kitchen environment

3 INCREASE REFRIGERATION SPACE

- Accommodates 18" x 26" sheet pans
- Extra usable capacity = more storage space per dollar
- Locating the evaporator coil outside the food zone provides more usable storage space inside the cabinet

1 REDUCE COSTS

- Superior temperature maintenance & recovery
- Rugged, all-metal construction facilitates long equipment life
- Magnetic EZ-Clean™ gaskets last up to 4X longer than PVC
- Lifetime warranty on cam-lift door hinges and workflow door handles
- Foamed-in-place center mullion resists damage through years of high use
- Damage-resistant metal breaker caps

GLASS DOOR MODELS
