

NEW!

America's cutting edge.

DEXTER®

360™ SERIES

Dexter® 360™ series knives are manufactured in Massachusetts with American-made steel and 200 years of know-how. Dexter hollow-ground blades are extremely sharp and easily resharpened. NSF Certified.

- ✦ Long lasting stain-free, high-carbon steel blades
- ✦ Hollow ground to an ultra-sharp, ultimate edge
- ✦ Easy to clean, high-impact, ergonomically designed handle

THE EDGE SINCE 1818

© OCT2018 Dexter-Russell, Inc.

With this series of knives, Dexter has gone 360°; back to our roots. We're combining our famous Green River hollow-ground blades with a modern, ergonomic handle made specifically for foodservice. This complete line includes all of the necessary knives to outfit today's commercial kitchen.

**All items come standard with black handles - Colored handle options available
Include colored handle suffix when ordering**
